Record Keeping Requirements for the Registration Program

The following must be maintained at the principal place of business for a period of three years from the date of issuance of this Certificate of Registration:

- (1) A copy of the registration statement filed with PHMSA; and
- (2) This Certificate of Registration

Each person subject to the registration requirement must furnish that person's Certificate of Registration (or a copy) and all other records and information pertaining to the information contained in the registration statement to an authorized representative or special agent of the U. S. Department of Transportation upon request.

Each motor carrier (private or for-hire) and each vessel operator subject to the registration requirement must keep a copy of the current Certificate of Registration or another document bearing the registration number identified as the "U.S. DOT Hazmat Reg. No." in each truck and truck tractor or vessel (trailers and semi-trailers not included) used to transport hazardous materials subject to the registration requirement. The Certificate of Registration or document bearing the registration number must be made available, upon request, to enforcement personnel.

For information, contact the Hazardous Materials Registration Manager, PHH-52, Pipeline and Hazardous Materials Safety Administration, U.S. Department of Transportation, 1200 New Jersey Avenue, SE, Washington, DC 20590, telephone (202) 366-4109.

9. PRIOR-YEAR SURVEY INFORMATION:

Hazardous Materials Activities, and States in Which Activity was conducted.

Indicate those activities conducted by the registrant during the previous calendar year (e.g., 2007 for the 2008-2009 Registration Year). Mark "A" through "F" as appropriate, to indicate the category or categories and the activity or activities (shipper, carrier, or other) in which the registrant acted. Check all the categories and activities that apply. "Other" may be checked to indicate offeror activities not covered under the heading of shipper or carrier, such as freight forwarder or agent. Carriers should check all states in which they operated as a hazardous materials carrier. Shippers and others engaged in offering hazardous materials should check only those states from which they offered hazardous materials. They do not need to indicate states to which or through which shipments were sent. Check "48 Contiguous States", if appropriate, to indicate that the activity was conducted in all of the 48 contiguous states. If the registrant did not engage in activities covered by "A" through "F" during the previous year, but plans to do so in the current registration year, mark only "G."
